Increasing audience interaction via **Slido**

Today we will be using a simple audience interaction platform called **Slido** to enable you to select questions for our morning speakers to answer.

Slido allows you to select which of our questions you are most interested in, and add your own questions. You will also be able to up-vote the questions of other participants. The more votes a question has, the more likely it will be answered.

To join:

1. Connect to Life Wi-Fi (no password required)
2. Open the web browser
3. Go to www.slido.com and enter the event code #UFR2019
